HITLER BELIEVED PLANNING TO SHIFT MAIN WAR THEATER MEDITERRANEAN

FOREIGN SITUATION INDICATES ANOTHER ROOSEVELT VICTORY

CONGRESSMAN LUTHER A. JOHNSON BELIEVES PRESIDENT BE RE-ELECTED

Congressman Luther A. Johnson of the Sixth District predicted Thursday the re-election of President Roosevelt in the November election, basing his assertion on the delicate foreign situation and the far-reaching effect a change in administration would have in Europe, Asia and South America.

The congressman returned to his home here Wednesday night from Washington. He plans to remain in his district after a visit with his son, Luther Johnson, Jr., at Corpus Christi, until after the November elections to learn developments in Washington necessitate his return. He may go to some doubtful states to campaign for the National Democratic ticket, but has not definitely decided. Congressman Johnson is the ranking democrat and vice chairman of the important House Foreign Relations Committee and is chairman of the Texas delegation in congress.

The congressman's statement follows:

"The outstanding reason why Roosevelt will be re-elected is that his defeat would cause all foreign governments to misinterpret the attitude of the American people by causing them to think that there has been a change in our foreign policy. This would be true in Europe, Asia and South America. These countries are not what our attitude is now, and with the situation so delicate, the slightest change in leadership might participate action that would result in war. Illustrative of this South American countries are being courted by Hitler to form treaties, commercial and otherwise, and as long as Cordell Hull is secretary of state and Roosevelt is President, in whom they believe they know what our attitude is."

"If Willkie should win the time intervening between the election and November 1, he might find some of the South American countries in a mood, with the situation so delicate, the slightest change in leadership might participate action that would result in war. Illustrative of this South American countries are being courted by Hitler to form treaties, commercial and otherwise, and as long as Cordell Hull is secretary of state and Roosevelt is President, in whom they believe they know what our attitude is."

"If Willkie should win the time intervening between the election and November 1, he might find some of the South American countries in a mood, with the situation so delicate, the slightest change in leadership might participate action that would result in war. Illustrative of this South American countries are being courted by Hitler to form treaties, commercial and otherwise, and as long as Cordell Hull is secretary of state and Roosevelt is President, in whom they believe they know what our attitude is."

"If Willkie should win the time intervening between the election and November 1, he might find some of the South American countries in a mood, with the situation so delicate, the slightest change in leadership might participate action that would result in war. Illustrative of this South American countries are being courted by Hitler to form treaties, commercial and otherwise, and as long as Cordell Hull is secretary of state and Roosevelt is President, in whom they believe they know what our attitude is."

"The international situation is too grave in all parts of the world at this time to 'rock the boat' by changing presidents and secretaries of state. And for that reason, I do not believe the American people will defeat Roosevelt regardless of their views on third term. While many differ with him on his foreign policies, his conduct of our foreign policies has the approval of a vast majority of the American people."

Stopped Willkie Trend.

WASHINGTON, Oct. 24.—(P)—Secretary Ickes said today that President Roosevelt's address in Philadelphia last night had stopped the Willkie trend—"if there ever was a Willkie trend."

25 Years Ago Today

By The Associated Press

Oct. 24, 1915.—Hindenburg's drive against Russians gathers force in desperate fighting.

IT'S CANDIDATE ROOSEVELT NOW

In his first avowedly political appearance of the campaign, President Roosevelt spoke from his train at Wilmington, Del., on the way to Philadelphia to inspect defense industries and make his first formal campaign address.

ROOSEVELT DECLARIES HE WILL CONTINUE TO LABOR FOR PEACE

PRESIDENT TABULATES THE MORE FANTASTIC OF CAMPAIGN MISSTATEMENTS

WASHINGTON, Oct. 24.—(P)—An old campaigner who loves a good fight, President Roosevelt swung today into the last stages of his re-election drive with this declaration in support of his "no-preliminary assurance" that America has no secret pacts with any nation.

"It is for peace I have labored and it is for peace that I shall labor all the days of my life."

Mr. Roosevelt came back to the capital to draft more specifications—after tabulating for a cheering audience in Philadelphia and the nation by radio last night what he termed the "more fantastic misstatements of this campaign."

In "repeating, and repeating, and repeating falsehoods," he said, his opposition has imposed "certain techniques of propaganda, created and developed in dictator countries."

Not once in his address in Philadelphia's convention hall did Mr. Roosevelt utter Wendell L.

Willkie's name.

But among the "outrageous" and "unpardonable falsifications" he attributed to partisans and republican leaders were charges that he was a traitor.

His administration "wishes to lead this country into war" that it has failed to make a job for even a single man; that the industrial system is prostrate, and that business is stifled and unable to make a profit.

Truthful Discussion Essential.

Truthful campaign discussion of public issues is essential to the American form of government, Mr. Roosevelt asserted.

"But it's entirely a different thing," he added, "for any party or any candidate to state, for example, that the President of the United States telephoned to Mu-

REORGANIZATION OF ARMY AIR CORPS WILL DOUBLE PRESENT SIZE

FOUR AIR DISTRICTS ESTABLISHED WITH TOTAL OF 54 COMBAT GROUPS

WASHINGTON, Oct. 24.—(P)—Reorganization of the army air corps to double its present number of combat groups and create a "highly mobile fighting force," capable of operation anywhere in the western hemisphere, was announced today by the war department.

The reorganization took the form of establishment of four air districts. It will include expansion of the four air corps wings now in continental United States to 17 wings as rapidly as trained personnel and equipment, now in production, becomes available.

Instead of the present 25 combat groups, the expanded air force will have 54, the announcement said.

"The purpose of the creation of the air districts," the department explained, "is to effect decentralization of training and inspection duties of the commanding general, general headquarters airforce, and to provide for the development of commanders and staffs for such special tasks as may be required for operation in war."

The GHQ air force commander, at present Major-General Delos E. Emmons, will remain in command of all these units.

The commander's headquarters are to be transferred from Langley Field, Va., to Bolling Field, on the outskirts of Washington, D. C.

The 1942 personnel objective for the new force was announced as 163,000 enlisted men, compared with the previous air corps objective of 45,000.

The department said the program contemplated an increase in the annual output of trained pilots from 7,000 to 12,000.

The new air districts included:

Northwest Air District, with headquarters at Hartford, Conn., comprising Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New

CASH INCOME OF FARMERS EXPECTED BE NINE BILLION

WASHINGTON, Oct. 24.—(P)—The agricultural department predicted today that the farmers, for the first time since 1929, would receive this year a total cash income of at least \$9,000,000,000.

Such an income would compare with \$8,518,000,000 reported for 1939 and \$11,221,000,000 for 1929. The income by products this year and last, respectively, included:

Grains \$787,000,000 and \$657,000,000; cotton and cottonseed \$192,000,000 and \$250,000,000; fruits \$220,000,000 and \$275,000,000; vegetables \$501,000,000 and \$464,000,000; tobacco \$142,000,000 and \$128,000,000; meat, animals \$1,669,000,000 and \$1,581,000,000; dairy products \$1,132,000,000 and \$1,020,000,000; and poultry and eggs \$514,000,000 and \$501,000,000.

The department's report on farm income by states for August for last year and this, respectively, included:

Oklahoma \$15,159,000 and \$15,662,000; Texas \$56,252,000 and \$44,566,000; New Mexico \$3,208,000 and \$2,437,000.

These qualities sooner, they might have averted this war.

Now what is it the Nazi chief wants so badly that he is willing to give a king's ransom for it? Is it material or moral.

Many foreign observers incline to the belief the diplomatic jockeying presages a great general offensive against Britain throughout the Mediterranean area and perhaps in other zones. The axis wants bases on Spain's soil for an attack on Gibraltar, the support of French colonies, and the use of those warships still remaining in French hands.

Isn't Much New About It. All that is possible, indeed. However, there isn't much new about it, as the offensive against Britain has been building up for weeks.

What strikes me most forcibly in all this is that, so far as concerns material aid, Hitler could grab it without opposition and without pay. But there's nothing to stop him from appropriating anything he wants.

Take the case of the French warships, for instance. Why does not the Nazi leader simply take 'em, without so much fuss and feathers, since he is the big boss

GUARD OFFICERS MAY HOLD OTHER PLACES HIGH COURT RULES

HOLDING OF ATTORNEY GENERAL THAT TWO JOBS NOT BE HELD OVERRULED

AUSTIN, Oct. 24.—(P)—The state supreme court held in effect today that a state office holder who also is an officer of the national guard does not vacate his office when the guard is called into the service of the United States.

Petition of Orville S. Carpenter, director of unemployment compensation in Texas and a major in the national guard, for a writ of mandamus compelling the state comptroller to pay his state salary was granted.

Attorney General Gerald C. Mann recently held in an opinion that an officer of the national guard in active military service of the United States could not also hold a state office.

The court said Carpenter's appointment as a major did not violate the Texas constitution and "he is entitled to be paid his salary."

Much interest had attached to the case because of the effect on a number of state offices.

Among state officials who also are officers of the national guard were Ernest O. Thompson, member of the state railroad commission, Adjutant General J. Watt Page and several members of the legislature.

The court sustained Carpenter's contention in all respects and the decision was regarded as of far-reaching importance, settling questions as to the status of state officials and guard officers which had long been discussed.

There had been speculation in particular over the possible effect on railroad commission and oil regulation policies if Thompson, a national guard colonel, had been forced to resign from the commission and Governor W. Lee O'Daniel had appointed a successor.

The court said its decision was not yet fully aroused to the danger of the dictators and that "we must prepare now at war pace or we may be too late."

In a prepared speech entitled "warning from an old world democracy," Bullitt drew from his experiences as ambassador to France prior to that country's defeat by Germany, and asserted:

"Ten thousand modern planes and five thousand modern tanks in the hands of the French and British together would have sufficed to save France from destruction and Britain from bombardment."

In a broadside reply to Mr. Roosevelt's campaign address in Philadelphia last night, the republican presidential candidate also charged that the "third term candidate" had evaded the issues of the 1940 campaign and that the President's speech was like the country's military defense system—"either obsolete or on order."

He said:

"Last night, the third-term candidate, referring to the democratic platform of 1936, quoted this statement from the British blockade by shifting the main theater of war to the Mediterranean and attacking Britain's "life-line" trade routes in the South Atlantic.

With the Nazi invasion song "We Are Sailing Against England" now apparently muted by RAF assaults, the German führer was said to be planning a two-fold winter strategy:

1. Italy and Spain would attempt to seize Britain's historic rock fortress at Gibraltar and crush British sea power in the Mediterranean.

2. At the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

Informed quarters in Berlin said Hitler, with Spanish help, was reported planning at a conference to cut off the bases of the British blockade by shifting the main theater of war to the Mediterranean and attacking Britain's "life-line" trade routes in the South Atlantic.

With the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

2. At the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

Previously, Hitler, with Spanish help, was reported planning at a conference to cut off the bases of the British blockade by shifting the main theater of war to the Mediterranean and attacking Britain's "life-line" trade routes in the South Atlantic.

With the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

2. At the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

2. At the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

2. At the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

2. At the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

2. At the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

2. At the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

2. At the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

2. At the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

2. At the same time, Germany and Spain would smash at British trade with South America and her sea link with India via the Cape of Good Hope, using Spanish ports and airfields in the Atlantic and the Canary Islands as bases.

OLD CULT OF SELF-DENIERS EMERGES TO MEET NEW NEEDS*

War Revives the Spirit of Sacrifice—Astonishing Reversals of National Habits by Three Belligerents—John Barleycorn Is Taking Heavy Blows.

By WILLIAM T. ELLIS

For war's sake, nations today are undergoing heroic self-denials. Most surprising of these, as revealed in recent news from abroad, is that Germany is putting a ban upon the traditional consumption of beer; and is seeking a satisfactory "soft-drink" as a substitute. Brewers are pictured as panicky.

Equally astonishing is the report of Government anti-alcoholic measures in France. The people must drink less wine and spirits.

Great Britain's war-time restrictions upon the public houses, and upon the consumption of strong drink, are well known.

All of this adds up to a tremendous moderation. These war-time laws are not the work of "temperance fanatics." They do not follow a "dry-crusade." Out of the blue they come, as the deliberate judgement of governments, concerned only with winning the war. They simply seek social and physical and moral fitness for their people. In a time of desperate crisis, they turn thumbs down upon booze.

Is This a Trend?

Surely, here is a large-scale symptom of a universal trend. War's grim necessities cry aloud over the whole earth. "Be prepared! Be fit! Cut out all unnecessary indulgences. Give up everything that mars clear thinking and strong living. Do without the littles for the sake of the great."

Gradually, it is dawning upon the minds of thoughtful persons, even of those who may not be classed as moralists or reformers, that for twenty-five years human society has been getting soft. Its muscles of body and mind have become flabby, leisure, entertainment, self-indulgence, have shown an enervating effect upon society. The cocktail habit has made discernible inroads, both economic and moral. The way in which recruiting has lagged on this continent is one evidence of the break-down of the old heroic conception of patriotism.

Now we are beginning to understand that human stuff must be preserved and improved. The stamp and idealism of the people is every nation's one greatest asset. If alcohol is deteriorating the people, then away with alcohol!

The Old "Success" Books.

A straw which shows which way the wind has been blowing is the decline in interest in books upon "Success," which were popular a generation ago. Samuel Smiles, Orison Swett Marden, William Mathews and their ilk are gathering dust in book-stores. Their potential readers are in road-houses, tap-rooms, dance halls and motion picture houses. Stern purpose for

mastered by Christ he would have mastered his appetite. Self-denial leads to victory, in war and in personal character.

SEVEN SENTENCE SERMONS

The times are bad; very well, are there to make them better—John Burroughs.

God never has any special messages for the man who "lays off" from his work to wait for it.

All I could never be,
All men ignore in me,
This I was worth to God.
—Brown.

There is no way in which a man can earn a star or deserve a sun-set.—Gilbert K. Chesterton.

Verily, verily, I say unto you, he that believeth on me hath everlasting life.—John 3:17.

O heart, be soft and true
While thou dost beat;
O hands, be swift to do;
O lips, be sweet.
—Mary Frances Butts.

Thank God every morning when you get up that you have something to do that day which must be done, whether you like it or not; being forced to work and forced to do your best will breed in you temperance, self-control, diligence, strength of will, content, and a hundred virtues which the idle will never know.—Charles Kingsley.

Mrs. M. L. Speed
Entertains Guests
At 42 on Thursday

KERENS, Oct. 23.—(Spl.)—Quite a number of out of town friends and relatives were named honor guests at a delightfully informal 42 party, given by Mrs. M. L. Speed at her home here Thursday afternoon.

The decoration suite was most attractive with decorations of autumn flowers and fruits. The color scheme of black and orange reminded guests that Hallowe'en is near at hand.

After an hour or more of games and conversing, the hostess, assisted by Mrs. P. N. Stockton, Mrs. Don Puckett, Misses Cynthia Stockton and Diane Coates, served a tempting refreshment plate, which also carried out the holiday motif.

Out of town guests were: Miss Elsa Warren, Misses Tom Hewitt, Mary Gage, J. T. Bomar, E. P. Norwood, Harrison Burke, L. M. Warren, H. T. Robinson, W. H. Warren, Mrs. of Corsicana; Mrs. Kate Deckard, Dallas; Mrs. B. A. Wilson, Will-Rose Farm, Powell, and Mrs. E. M. Forehand, Trinidad.

Allen Anderson has returned to Richland and is feeling some better.

Mrs. R. R. Fleming underwent an operation Monday morning in a Corsicana hospital and the last report was doing nicely, her mother and two sisters from East Texas met them at the hospital. Her sisters returned to their homes Tuesday and her mother will be here for several days with the children.

Mr. and Mrs. Alva Harris and daughter of West Texas were the guests of their mother, Mrs. Ella Harris and family Friday night.

Mr. and Mrs. Pete Longoria and children of Corsicana visited Mrs. Knight last week.

Streetman

STREETMAN, Oct. 24.—(Spl).—Mrs. W. E. Miller was a Corsicana visitor Tuesday.

Mr. and Mrs. Hugh Burleson visited in Fort Worth Thursday.

Mrs. Herbert Patterson has returned to her home in Fort Worth after a week's visit with relatives here and in Corsicana.

Mrs. W. C. Clark of Stewards Mill and her daughter, Mrs. Leona Radford of Fairfield, were the guests Sunday of Mr. and Mrs. Charles Gregory.

Mrs. E. L. Jones returned Monday from a two weeks visit with relatives in Carrollton. Mr. and Mrs. W. H. Noble brought her home and spent the night with the family.

Japple Milner returned to Kelly Field, San Antonio, Sunday morning after several days visit with his parents, Mr. and Mrs. Jap Milner.

Mrs. Essie Clark came in Monday from Teague, where she visited her brother and family, Rev. and Mrs. H. L. McKissack.

Tuolo

TUOLO, Oct. 24.—(Special).—Rev. Mr. Weathers, the pastor, filled his regular appointment here Sunday. He has only one other before conference.

Some from our community attended the singing convention in Corsicana Sunday.

Quite a number in the community are suffering from bad colds. Mrs. Mamie Rutherford recently visited her sisters in Dallas.

Mrs. W. C. Burdine is spending a few days in the home of Mr. J. L. Monts and wife in Corsicana. Mr. B. Williams went to Austin Thursday and returned home Saturday.

Mrs. H. Wheeler and family visited relatives here and Rice.

Mrs. Lizzie Fluker of Corsicana and daughter with her husband of Athens visited in the home of Mrs. Street Mitchell Sunday.

Miss Edna Fowler spent the week end with her parents at Midlothian.

Mr. and Mrs. Audrey Livingston of Retreat, Mr. and Mrs. Robert Martin of Eureka were Sunday visitors in the Pete Livingston home.

Miss Laura Simms spent the week end in Dallas.

Mrs. Elvin Reed spent the week end with her husband at Denison.

Merchants Surrender

ATHENS, Oct. 24.—(P).—Merchants have finally given up.

They consented to allow their store windows to be used in a Hallowe'en contest in which prizes will be given to youngsters for the best job of soap-

ing.

Lost Something? Try a Daily Sun Want Ad.

Barry

BARRY, Oct. 24.—(Spl).—Mr. and Mrs. Roy Ragsdale and children of Wortham were Barry visitors Sunday.

Mr. and Mrs. J. L. Kemp of Millford visited their daughter, Mrs. Percy Varnell, Sunday.

Mrs. Stubbs of Fairfield is visiting her niece, Mrs. W. T. Woodruff.

Mrs. Henry Bunch of Powell was visiting in Barry Monday.

Little Billie Elmer Watson was rushed to the Navarro Clinic Monday for an appendicitis operation.

J. B. Park and son James Hart, Burton Reagan, Roger Johnson, and Percy Varnell went to Huntsville Sunday.

Mr. and Mrs. Henry Wilson and Mr. and Mrs. Woodrow Wilson of Corsicana visited Mrs. G. P. Wilson Friday.

Miss Edna Fowler spent the week end with her parents at Midlothian.

Mr. and Mrs. Audrey Livingston of Retreat, Mr. and Mrs. Robert Martin of Eureka were Sunday visitors in the Pete Livingston home.

Miss Laura Simms spent the week end in Dallas.

Mrs. Elvin Reed spent the week end with her husband at Denison.

Mr. and Mrs. D. C. Bray are on the sick list.

Mrs. Frank Ware and children of Dallas are visiting Mr. and Mrs. Tom Ware.

Several from Angus attended the Navarro County Singing Convention held at the fair grounds Saturday night and Sunday.

Mr. and Mrs. Pete Longoria and children of Corsicana visited Mrs. Knight last week.

MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

Youngster Dress Or Housecoat

PATTERN 4598

by Anne Adams

Little sister can go to school or stay at home with equal style—in Pattern 4598. For Anne Adams has included a long-skirted housecoat and a dress in this versatile pattern. Both styles may have full long sleeves or short puffed sleeves, and both have tiny pointed collars that contrast or match. Two panels go right down the front with waistbands at each side to allow for extra skirt flare. You may either have a zipper or zipper front closing. See how effective a striped fabric looks with the stripes used on the crossgrain for the side front bodice sections and the collar. Use the Sewing Instructor and finish both styles in a jiffy.

Pattern 4598 is available in children's sizes 2, 4, 6, 8 and 10. Size 6 dress, takes 2 yards 35 inch fabric; housecoat, 3½ yards 35 inch fabric.

Send fifteen cents (15c) in coins for this Anne Adams pattern. Write plainly size, name, address and style number.

Extra! Extra! Everything about the Anne Adams winter fashion book makes extra news! Its vivid pages are filled with styles new as tomorrow's headlines—each in a sure-to-fit pattern. Smart sewing for the whole family, circuit including workdays and evenings, party frocks, tailored twosomes, any afternoon dresses, slimming matron styles and lively "small fry" outfit... basic wardrobes for office and campus. Order your copy now! Book fifteen cents. Pattern fifteen cents. Book and pattern together, twenty-five cents.

Send your order to The Daily Sun, Pattern Department, 243 West 17th St., New York, N. Y.

Personal Mention Of Wortham Folk

WORTHAM, Oct. 23.—(P).—Mr. and Mrs. J. P. Stubbs joined by Mr. and Mrs. Hiram Stubbs, and Miss Imogene Knight were co-hosts to a miscellaneous shower at the home of Mrs. Carrie Howard, Friday evening, Oct. 11, honoring Miss Hallie Compton who became the bride of Mr. Fred Doolen of Sweeney Saturday evening.

Fifty-five guests registered in the attractive bride's book artistically made and presided over by Miss Jerry Marsh. Miss Marsh presented the beautiful book to the honoree.

An interesting program was presented. Miss Mary Elwyn Coates gave two readings. Misses Hazel Smith and Lois Jennings sang "I Love You Truly," accompanied on the guitar by Mrs. Carl Mulliken. Mrs. James E. Horn sang a solo accompanied by Mrs. Mulliken. Miss Imogene Knight gave a toast to the bride. Little Clayton Smith then presented the gifts in a very clever manner to the honoree.

After the many attractive and useful gifts were admired by all, the guests were invited into the dining room where delicious salad, served by Mrs. Clois Marsh, sister of the bride-elect, sandwiches, potato chips, cookies and punch were served from a beautiful, fully appointed table which had as the centerpiece a picture of the bride and groom on a mirror reflector bordered by fine pink roses.

The plate favors, presented each guest by Miss Lena Mae Doolen, sister of the bride-elect, were tiny blue hearts, bearing the names, "Fred" and "Hallie."

Mr. and Mrs. Doolen left Sunday afternoon for Sweeney, where Mr. Doolen has employment with an oil company. —Contributed.

Mr. and Mrs. Clarence Garrett and Mrs. Mary Blanchard of Streetman visited Wortham Saturday.

Miss Grace Hackney and Miss Minnie Kelly visited in Waco Saturday.

Mrs. Floy Lamb of San Angelo and Mrs. Violet Hammert of Dallas returned to their respective homes after visiting with their parents.

Mr. and Mrs. Roy Simmons visited Mr. and Mrs. Hilton Darwood at Quanah Sunday.

A. J. Creager of Fort Worth visited his daughter's family, Mr. and Mrs. John Tucker this weekend.

Dallas Deathless Days Ended at 145, Auto Victim Dead

DALLAS Oct. 24.—(AP)—Dallas' deathless traffic record came to an end today.

Edwin W. Luckey, 42, died in a hospital several hours after an early morning auto collision. His was the first death in this city of nearly 300,000 in 145 days and the 13th of the year.

A second victim of today's crash, Howard Plumlee, 21, was given a chance to recover, although his back was broken in four places.

Luckey died of a fractured skull.

McNary In Indiana.

KENDALLVILLE, Ind., Oct. 24.—(AP)—Senator Charles L. McNary of Oregon, republican vice-presidential nominee, carried his campaign into Indiana today with the accusation that new deal reciprocity trade agreements "have sold part of the farmers' domestic market down the river."

Speaking at a northern Indiana rally, the Western lawmaker condemned the Roosevelt farm program as "negative" and said the republican party offered an "affirmative, hopeful blueprint."

Senator McNary, in an address prepared for delivery, said the trade agreement, which, in reality merely constitute a round-about way of rewriting the tariff, have left the farmer unprotected agains imports.

The vice-presidential candidate advocated "the development of new industries using farm produce" and declared the department of agriculture since 1933 "has resisted, ignored or neglected" this phase of agricultural assistance.

Let Witches And Goblins Be The Life Of The Hallowe'en Party

By MRS. ALEXANDER
GEORGE,

A. P. Feature Service Writer.
The Hallowe'en season literally howls for a rollicking, ghoulish party.

The traditional touch of witchery in foods and decorations always adds to the fun. Make your house—or at least, the dining room—look as spooky as possible, with grinning jack-o'-lanterns, scarecrows and witches.

A little silliness is good for relaxing in these days of tension. Here are some ideas for a spooky party:

Hallowe'en togs on FIG LOAF SANDWICHES add a gay note to

This Witch Cake suggests a Hallowe'en party, but there's no rule against using it to dress up a family dinner.

grease—for an hour. Cool, cut into and a tablespoon of melted fat. slices and spread with yellow. Mix the dough and then drop cheese and soft butter. Arrange sandwich fashion and cut into circles. Make Hallowe'en designs on each sandwich with strips of figs stuck on with butter.

TAFFY APPLES go hand in hand with Hallowe'en. Select firm, red eating apples. Discard the stems and stick handles. Boil in a deep pan 8 cups dark brown sugar and a cup of water until a fine thread forms when poured from a spoon. Stir in 2 tablespoons lemon juice and melted butter. Dip each apple in a greased or waxed paper lined pan in a moderately slow oven—about 325 degrees.

HALLOWE'EN PUFFS are new and can be made in short time. Beat 2 eggs for a minute, add 1 teaspoon each of vanilla and salt, 2-3 teaspoons baking powder, 1 cup chopped figs, 1-2 cup dark brown sugar, an egg, 1-1/4 cups sour milk and 2 tablespoons water until a fine thread forms when poured from a spoon. Stir in 2 tablespoons lemon juice and quickly dip each apple until coated. Dry on waxed paper.

False Registration Charge.

WICHITA FALLS, Oct. 24.—(AP)—A charge of false registration under the selective service act was filed here yesterday against Bert Danny Parson, 26, of Sioux City, Iowa.

E. B. Conroy, head of the Dallas office of the Federal Bureau of Investigation, said it was the first such charge filed in the United States.

Parson was held for a preliminary hearing at 3 p. m. today.

INTERNATIONAL

(Continued From Page One)
Africa; Toulon, on France's Mediterranean coast; Casablanca, in French Morocco; and Bizerte, in Tunisia.

As a reward, these sources said, Germany would release all French war prisoners—estimated at 2,000,000 men—and would move the frontier of unoccupied France north from the present Tours-Swiss border line to the Seine river.

Laval returned to Paris today with Premier Marshal Philippe Petain's answer to Hitler's proposals for Franco-German rapprochement, and Spain's Generalissimo Francisco Franco, who conferred with Hitler on the Spanish-French frontier last night, was on his way back to Madrid.

Amid these developments in Europe, apparently concerted in "trial balloons," were floated toward peace in the 3-year-old struggle between Japan and China.

In San Francisco, retiring Japanese Ambassador Kenseki Horinouchi said he was informed an accord was about to be completed between Japan and Wang Ching-Wei, Japanese-dominated puppet ruler at Nanking, China.

Along Same Lines

"The terms, I should think, are along the lines stated by the Japanese government two years ago," he was quoted as saying.

This was an evident reference to Premier Prince Fumimaro Konoye's statement on Dec. 12, 1938, suggesting a basis for peace on the following terms:

1. Japan would respect Chinese sovereignty.

2. Japan would "discuss" giving up her extra-territorial rights in China.

3. Japan would not demand either territory or indemnity from China.

4. In return, Japan would "ask" Chinese economic and political cooperation.

In Tokyo, capital of Japan, neutral representatives were said to have extended feelers for peace in the conflict.

Domel, the Japanese news agency, reported also that former Japanese Premier Nobuyuki Abe, now special envoy to China, was en route home to Japan after reaching an agreement with Nanking regime.

Real Significance

The significance of such an agreement is that Japan has forced the Nanking regime with the apparent purpose of concluding a peace treaty with it as the real representative of China—and thereafter insisting that the war is ended and that Chiang Kai-Shek is merely a Chinese rebel.

In Hongkong, however, official Chinese quarters said China would never agree to any peace involving a sacrifice of her political or territorial integrity.

On the European war front, Hitler's high command said British RAF raiders penetrated the Reich during the night and attempted a "large scale attack" on Berlin.

Only scattered planes reached the Nazi capital, the communiqué said, causing "some damage" to houses in the west end with a shower of incendiaries and high explosives.

British Naval Attack

The communiqué reported a British naval attack in which "some enemy war vessels" approaching the Flanders coast in a fury, whether were driven away by naval artillery.

In a second thrust the British

communiqué said, a British motorized patrol surprised 1,000 Italian troops in the Sudan and inflicted severe casualties. No British losses were suffered, the communiqué said.

Former Polish Chief Arrested.

BUCHAREST, Oct. 24.—(AP)—Marshal Edward Smigly-Rydz, former Polish army chief, who fled to Rumania at the time of the German invasion of Poland, has been arrested by Rumanian police in a nationwide investigation of alleged espionage and sabotage plots.

Victoria Cross

ITALIAN

(Continued From Page One)

Mediterranean, as a result of these meetings, fascist quarters said, a statement interpreted by foreign observers to mean that Spain's entrance into the war is sought for an attack on Gibraltar.

Writing in *Il Giornale d'Italia*, Gayda said the United States "is entering imperialistic waters which formerly belonged to England."

The new American imperialism, he asserted, has progressed from the former "dollar imperialism" to a "political and military monopoly of positions and bases shown in ever vast concentrations around the world."

The Fascist editor interpreted the recent statement of Frank Knox, secretary of the navy, that the United States would obtain additional Pacific bases as evidence America is "preparing to lend another hand to the progressive destruction of the British Empire by constituting herself heir to the positions and riches which formerly formed a part of British power."

He said there is no question the United States "is floating in gold" and could perform miracles in rearmament.

"But there is a question whether the necessary national split such as has been created in Italy and Germany will accompany this military preparation," Gayda continued.

For the first time, the axis attitude toward the United States was described as one of "nonbelligerency" by another prominent commentator, Mario Appelius, writing in *Premier Mussolini's newspaper d'Italia*.

Formal Protest Filed.

WASHINGTON, Oct. 24.—(AP)—The United States has made formal protest to Italy over the bombing of American oil properties in the neutral kingdom of Saudi Arabia during an attack in which Italian fliers also dropped explosives on British petroleum sources in the Persian gulf last week-end.

The oil properties are owned by the Standard Oil company of California and the Texas Corporation.

New Spanish Visa Rules.

ROME, Oct. 24.—(AP)—Americans planning to return home were advised today by travel agencies that hereafter applications for visas to travel across Spain must be referred to Madrid.

Ordinarily Spanish consulates grant such visas.

Sell It Quick Through Want Ads.

BRITISH

(Continued From Page One)

German planes were reported also to have flown over the vicinity of Liverpool and a west coast town.

Residents of London suburbs heard a dog fight above the clouds during the second alarm, the sound of machine-guns mingling with the roar of engines at full-throttle.

The air ministry announced a German Dornier 17 had been shot down over the channel.

British credited a heavy anti-aircraft gun and the anti-aircraft defences on London's outskirts with holding the raiders at bay overnight, giving the city its quietest night in the last 17.

Five persons were killed by a bomb which wrecked a cottage in a small village near London last night. An 18-month-old baby was found alive on top of the debris.

Frequent bomb blasts heralded the on-schedule arrival of the Luftwaffe shortly after dark but the attack quickly tapered off and a "raider passed" signal sounded not long after midnight, as on the previous night.

The government, describing the night's aerial activity as "not on a heavy scale," said the only bombs dropped were in London, the counties around the capital, a town in northeastern England and a few points in southern Scotland.

British bombers, meanwhile, attacked "objectives in Berlin and elsewhere in Germany," the air ministry announced.

FOUR ERRORS COST GOPHERS AS MANY GAMES LAST YEAR

MINNESOTA HAS EVENED SCORES WITH TWO BUT PAIR TOUGH ONES REMAIN

By JAY VESSELS
MINNEAPOLIS, Oct. 24.—(AP)—Four little mistakes cost Minnesota four big ball games last season.

Now the Golden Gophers are getting back those ball games and they have caught up with two clubs profiting from the 1939 mis-

Nebraska fooled Berne Bier-

man's boys last fall with a simple

old fashioned reverse that got a

fourth down score after everything

else had failed. The final count

was 6 to 0. Minnesota got the

winnings, 13 to 7 margin this year

on a one play forward pass from

Ernest Smith to Co-Captain Bill

Johnson.

Ohio State won 23 to 20 last year because a Minnesota player was caught holding. That mistake came on a play that would have given the Gophers a first down on the Buckeye three yard line. Set back fifteen yards, Minnesota gambled on a field goal bid for a tie and lost. At Columbus last Saturday, Minnesota evened the score because touchdown plays worked for Bruce Smith.

Coming up for important notice this Saturday is another one of the beneficiaries of the 1939 Minnesota errors. The team is Iowa. The Hawkeyes beat Minnesota last year because a player in the Gopher's secondary permitted Bill Green to get behind him to catch Nile Kinnick's touchdown pass.

Then there will be Northwestern the last of the 1939 one-play benefit brigade. Bill De Corvett got away from the Minnesota safety man to count the winner. And the mighty man will be around when the rampaging Gophers try to balance up with the Wildcats November 2.

Corsicana Juniors Won Over Waxahachie 33-7

Sparked by J. D. Williams, big fullback, the Corsicana Junior High Panthers rolled over the Waxahachie Juniors 33 to 7 Wednesdays night in Waxahachie.

Aided by some of the best blocking of the season, the Panthers swamped the Waxahachie team with Williams personally accounting for 21 points. Don Rainey scored another touchdown after dashing 50 yards for the tally. Henry Carroll, right end, snagged a pass for the final marker.

The Waxahachie team rallied once in the game to push across one touchdown.

This marked the first win of the Panthers for the season, having dropped their first three contests. This is also the Panthers last game under Coach T. E. Stone who is resigning Nov. 1.

Basketball Practice To Start Next Week

Basketball practice at Corsicana High School for boys not out for football will begin Tuesday, Bruce Jeffers, coach, announced Thursday.

Those to begin Monday will spend most of their time in conditioning exercises and fundamentals. The main training will not begin until after the Thanksgiving Holidays.

HELD AFTER WILLKIES STRUCK

A man (center looking into camera) booked as Charles Mulrain, 53, is shown as he was taken into custody by police at the La Salle street railroad station in Chicago after Wendell Willkie, republican presidential nominee, and Mrs. Willkie were struck with eggs. Police Capt. Thomas Duffy said that Mulrain was charged with breach of the peace and assault with a deadly weapon.

DANA BIBLE PRODUCES GREAT TEAM AFTER FIVE HARD YEARS BUT CAN'T GET RECOGNITION

By FELIX R. MCKNIGHT, Associated Press Sports Writer. Ignored, almost considered a flag stop on schedules while Dana Bible patiently labored on his rehabilitation program, the University of Texas now has a whale of a football team and can't get a tumble from anybody.

Fans and critics are too prone to identify the University of Texas with the base of operations for Coward Jack Crain and let it go at that.

In fact, Texas is very undefeated at attack and leads the Southwest conference in total yards gained by land and air. It's reserves are un-

limited. Four state universities—Colorado, defending big seven champs; Indiana, big ten contender; Oklahoma and Arkansas—have been shelled on successive weekends by this glittering group of kids.

Only last week the Texans slaughtered the Arkansas Razorbacks, 21-0, didn't give the big red machine a chance to move.

Win, But Rated Lower. The reward? One national rating system promptly and decisively dropped them five notches in the rankings down below teams that have been licked and tied. Mild recognition came in their twelfth position in the Associated Press poll.

Pair of Conference Games Slated This Week District 21-B

While a number of clubs have mathematical chances of winning the championship of District 21-B Intercollegiate League, the Italian eleven is tops as far as the record thus far is concerned.

The Italy crew has scored 197 points in five games to none for the opposition. It is true that other conference games are on the slate, but they are not especially worrying the Ellis Countians.

No other club in the district approaches the record set by Italy. The Ellis County eleven is in the Class A division, while Mildred Eagles are leading the procession in the Class B division, but the Eagles will have to show a great deal of improvement if they are to compete successfully with the Italy combination, unless "A" leaders show a decided slump during November.

Last Week's Results: Blooming Grove 7, Kereens 0 (A division). Mildred 35, Frankston 0. Dawson 18, Frost 0. Hubbard 6, Trinidad 0. (B division). Italy 32, Hubbard 0 (A division).

Mildred at Kereens. Dawson at Blooming Grove (A division). Hubbard at Frost (B division).

PLAN ORGANIZATION NAT'L CONFERENCE CHRISTIANS, JEWS

MRS. J. BURTON PRYOR, FIELD REPRESENTATIVE, NOW IN CORSICANA

Mrs. J. Burton Pryor, field representative of the National Conference of Christians and Jews in Corsicana, conferring with various civic leaders in an effort to organize a branch of the conference in this city.

Branches have been organized in all the leading cities of the southwest, for the purpose of maintaining religious freedom in the United States through close

collaboration of Jews, Protestants and Catholics. It was pointed out by Mrs. Pryor that the organization is in no way trying to amalgamate the religious beliefs of the people, but to bring about a closer spiritual co-operation among them.

The National Conference of Christians and Jews was organized in 1928 by Chief Justice Charles Evans Hughes, the late Newton D. Baker and Dr. S. Parkes Cadman. Mrs. Pryor pointed out that Arthur H. Compton, professor of science at the University of Chicago, who succeeded Baker, will make an address before the regional assembly of Christians and Jews in Dallas, Feb. 11. He is a Nobel Prize winner.

In charge of the regional offices in Dallas is Hastings Harrison, formerly general secretary of the Corsicana YMCA. He has headed the movement for such

for the past several years and was placed in charge of the re-

HISTORIC GOLDFISH BOWL THAT HOUSED WORLD WAR'S DRAFT LOTTERY HAS NOW BECOME TRIO

By EDDY GILMORE, WASHINGTON, Oct. 24.—(AP)—

Like the historic houses in which George Washington slept, the historic goldfish bowl that housed the World War's first draft lottery is multiplying with time.

After twenty-three years there

appear to be at least three claimants to the title, so it might be a good idea to hold onto any strays around the House. In time you can't tell what they might be worth.

Selective service officials recognize the glass container kept at Independence Hall, Philadelphia, as the original. It will be used here for next Tuesday's lottery.

The question of exactly what bowl was used back in World War days arises from 1917-vintage pictures which show draft numbers being drawn from:

1. A container with straight sides.

2. A container with an extreme

pinched neck.

3. A container with a medium pinched neck.

Two of the pictures show secretary of war Newton D. Baker doing the drawing. He's taking capsules from the straight-sided container in one picture. In another it's the bowl with the extreme neck.

The third picture shows President Wilson drawing from a bowl with a medium sized neck.

The story has it that Congress appropriated no money for a container, so a government employee dug down into his own pocket and bought it.

The story is that he didn't find the container, however, until a lady worker in his department suggested he try an antique auction shop.

Officials emphasized that the big glass jar to be used next Tuesday is not a goldfish bowl.

And it probably did not cost the government a cent.

**LOCAL GUARD UNITS
HAVE VACANCIES FOR
THIRTY-THREE MEN**

NO ENLISTMENTS WILL BE
PERMITTED AFTER UNITS
ARE MOBILIZED

Thirty-three enlistments are needed by Corsicana's two Texas National Guard units to bring them to the greatest possible man-power permissible under law, officials of the organizations report. The needs include eight men for active and 25 for inactive duty.

Guard officials announced that no enlistments would be permitted after the day on which the units are mobilized for federal service and for that reason urged prompt action on the part of any persons desiring to enlist with the batteries. It was pointed out that the men to be enlisted would assure the men of going to a Texas camp for training along with neighbors and friends from their own communities, while service under the selective service act might send a recruit anywhere.

Headquarters Battery at present has 53 men and eight men are needed to fill the authorized complement and seven additional are needed on the inactive list to bring the unit to full peace strength on mobilization.

Battery D has its full authorized quota of 77 men at present with four on the inactive list; 18 additional enlistments are needed for the inactive list to fill full peace-time requirements which will be in effect when the outfit enters federal service.

Those desiring to enlist should contact Capt. Randolph Robinson or Capt. L. C. Motley. Officers explained that those on the inactive list would not be required to drill at present and would not draw pay, although they might

Charge Made That
Many Unnecessary
Operations Made

By HOWARD W. BLAKESLEE,
Associated Press Science Editor,
CHICAGO, Oct. 22.—A

charge that hundreds of unnecessary surgical operations are performed daily in this country was made to the American College of Surgeons Hospital Standardization conference today by Dr. Harold L. Foss, surgeon-in-chief of the Giesinger Memorial Hospital, Danville, Pa.

He said the public is becoming aware of the condition but added that the trouble applies mostly to small, unregulated hospitals.

He charged that for every well-trained surgeon there are probably 20 who do the incompetent work.

"If it (the situation) is not, in due course, solved by those in whose hands the matter should rest, the nations themselves, it may become the problem of the public or possibly of the state or federal governments," Dr. Foss asserted.

Nellie Peabody Wed
Albert A. Mooneyhan
On Saturday Night

The marriage of Miss Nelle Peabody, daughter of C. M. Peabody, to Albert A. Mooneyhan, son of Mr. and Mrs. A. J. Mooneyhan, took place Saturday night, October 19, at the parsonage of the First Baptist church with the pastor, the Rev. E. T. Miller officiating in the presence of relatives and a few close friends.

The bride was wearing a frock of blue wool suede with black accessories, and a shoulder corsage of white carnations.

Mr. Mooneyhan is with the Nehi Bottling Co., and at present he and his bride are making their home at 471 West Second avenue. Their many friends join in extending congratulations and best wishes for a long and happy married life.

drill with the battery if they desire to do so voluntarily. Those taking active status would be required to make regular drills and would be paid for them.

Mustering of the units for federal service now is tentatively scheduled for Nov. 25.

You Expect Big Things From

**F
O
R
D**

The Ford Rouge Plant is world-famous for doing big things in a big way. Now it's producing THE BIGGEST FORD CAR EVER BUILT!

The 1941 Ford has AN ENTIRELY NEW BODY—longer and wider. It has A LONGER WHEELBASE. Seating width has been increased AS MUCH AS SEVEN INCHES! Larger windshield and windows provide as much as 33% MORE GLASS AREA.

After you SEE the beauty and bulk of this big car, FEEL its faster acceleration and soft new ride—a ride produced by new, slower-action springs, improved shock absorbers, and A NEWLY DESIGNED STABILIZER that eases steering and helps maintain balance on curves or in cross winds.

How is it done? How can such a big, comfortable car have more cylinders, more equipment and more costly construction than other low-price cars?

The answer goes back to the Ford way of doing business—to the fact that Ford has built MILLIONS MORE CARS than any one else and is satisfied with a SMALLER PROFIT PER CAR.

Come in today. See how little it costs to trade in your present car. A 1941 FORD MEANS A GOOD DEAL!

GET THE FACTS AND YOU'LL GET A FORD

**MORE REGISTRANTS'
NUMBERS AND NAMES
HAVE BEEN RELEASED**

**TOTALS LISTED WITH NA-
VARO COUNTY BOARDS 5,
464; FEW MORE EXPECTED**

Supplemental lists of Navarro County residents who registered under the terms of the Burke-Wadsworth Selective Service law were released late Tuesday by the two draft boards. The total number registered is now 5,464, over 400 above the original figures, and the additions are comprised of the names of those who registered in other parts of the state. Cards for 1,524 out-of-county men were filled out by local registrants. Some additional cards are scheduled to be received made up principally of county residents who registered in other states. No out-of-state cards have been received.

The revised totals show Draft Board One, with quarters in the Drane Building at the corner of East Collin and Commerce Streets, has a total of 2,919 registrants; Board Two, located in the basement of the Corsicana post office, now has a total of 2,545. Lists of registrants and their serial numbers have been posted in both buildings.

Supplemental lists of numbers and names follow:

CORSICANA, TEX., OCT. 25, 1940

GROWING MERCHANT MARINE

Two years ago the Maritime Commission began a five-year program of shipbuilding under which 500 merchant vessels were to be constructed. That program has already been increased. The result is that today the United States is rapidly acquiring the finest and most modern fleet of merchant liners in the world.

Keel-laying ceremonies, launchings and announcements of new cruisers are frequent. The President Hayes was launched early in October and the maiden voyage of the President Jackson was announced for Nov. 2. The new vessels will be chiefly combination cargo and passenger carriers.

Comfortable, air-conditioned, spacious, equipped for recreation and as safe as human ingenuity and present knowledge can make them, these ships are yet not super ships or floating hotels. They are smaller than the great luxury liners which various countries were building a short time ago to compete with each other for trade and prestige. It seems to have been recognized at last that there were limits to the profitable size of a ship. Many of the ships are prepared for cruising in southern waters, which means more travel between the United States and South America.

And some day, it may be hoped, there will be abundant goods to be carried by these and other ships to and from countries now suffering for lack of normal commerce.

DAD'S CHRISTMAS TRAIN

An amateur statistician, who may know his stuff at that, says there are 100,000 grown-up men in this country who make a hobby of operating toy railroads in the basement. It is safe to say that most of them don't give their sons, if any, a fair chance in the railroading business. In such a situation Junior may have to get along with minor odds and ends of rolling stock, or maybe a fire engine or a steam shovel.

Be that as it may, what is Father going to do in the ultra-modern homes that haven't any basements? there's a problem to furrow the family brows as time draws relentlessly on toward Christmas.

WOMEN AS UTILITIES

Americans who know the reactionary regimen to which women are subjected under National Socialism naturally wonder how they like it. Also what the effect such reversion will have on a nation or a race.

Girls in Germany are not allowed to go to college. They are taken by state authority at the age of six, enrolled in a "Bund" and trained according to Nazi ideals.

Their education contains very little of the modern culture to which girls elsewhere have access.

Their bodies are trained at the expense of their minds and souls. The whole educational scheme is planned to make them physically strong and bearers of children.

When they are 18 years old, they have a "duty year" working for the state in a factory or on a farm. Then they are free.

"Free to do what?" asks

Elizabeth Wool in a newspaper article. "In school they are taught nothing but housework duties, cooking, mending, patching. If they have stubborn minds, they will be discouraged. If they still persist, they will find themselves up against the law.

"Women at birth in Germany are regarded as public utilities. They are made healthy and trained to do two things—keep the male animal they will marry healthy and content in his work for the state, and produce other animals to work for those working for the state."

Somehow we do not think American girls would like it. In fact, if it were tried here there would be a feminine revolution.

BRITISH TIP

"The United States should keep out of the war," H. G. Wells tells us, "because your party politics would swamp anything like a reasonable settlement."

There's commendable frankness! And as a matter of fact, most of us can agree with Mr. Wells and the other cousins about this.

We're strong for co-operating with Britain and upholding the principles of government and life that we inherited from that tight little island, but we don't want to mix in personally with the hell's brew over there. It's enough for the present, anyway, to send friendly contributions to the cause and to know that we're helping to keep democracy alive.

Just now, we happen to be unprepared for war except by sea, and are obliged to keep our one-ocean navy in the Pacific. But every week brings an increase of our military and naval strength. We should be ready some time next year for anything likely to put in the fighting ranks, they may be useful in "supporting capacities." In training for such services those

JUST FOLKS

(Copyright, 1937, Edgar A. Guest)

STICK AROUND!
If the task is hard to do,
Stick around and see it through!
Work along! The truth of it:
You've not failed until you quit.
That is not failed until you say:
"I have done! That's all today."
Here I let my courage die!
Let some other fellow try!
That is giving up, that's it;
The task is hard, but there's a chance
To achieve or to advance.
That's admission—plain enough—
That you haven't got the stuff.
That—to put the matter straight—
Sets you down as second-rate.
Stick around and stand the strain!
Bear the blows and brave the pain;
You may fail, but don't until
Spent is all your strength and skill.
Never use the quitter's cry:
"Let some other fellow try!"
Don't give up your chance to win.
Stick around through thick and thin!

who are below par, the Nazis often improve the health and efficiency of men that our usual Americans practice would discard.

Clearly it is not enough, from the viewpoint of national efficiency, merely to divide the men called up for service into two definite groups, those found by examination to be fit for military service and those found unfit. We want an army of top-notch men, and have plenty of good material for it; but here is an opportunity also to discover remediable defects in millions of men and to do something practical about it.

**LOW HIGHWAY BIDS ANNOUNCED CALLING MUCH CONSTRUCTION**

AUSTIN, Oct. 23.—Low bids of \$2,010,180 were received Tuesday by the highway commission on 20 construction projects which will provide 140 miles of improvement, including 102 of work that will include various types of pavement.

Contracts on the federal aid projects will be awarded after approval by the Public Works Administration, while work orders will be issued on the state jobs by the commission.

WINGS OVER THE EAST**News of County Home Demonstration Clubs**

Jones Ranch Club,

New officers to guide the demonstration of the Jones Ranch Home Demonstration Club during the coming year were elected at their regular meeting in the home of Mrs. Clyde Tullos Wednesday, October 16.

The new officers includes Mrs. A. H. Bailey, president; Mrs. A. W. Allen, vice president; Mrs. Earl Ides, secretary-treasurer; Mrs. Ola Hill, council delegate, and One Bell Ramage, re-elected reporter.

All 1940 officers and committee chairmen gave a report of their year's work. Mrs. C. A. Tullos pointed out the improvements she has made as kitchen demonstrator, Mrs. Clyde Tullos gave an account of her year's food supply.

A discussion on the achievements of the demonstration club was led by the president, Mrs. C. A. Tullos.

The hostess served pimento cheese sandwiches, potato chips, orange cake, candy and hot coffee to 16 members and Mrs. Luisa Tullos and Miss Glennell Read and Minnie Bell Stanley as visitors.

Report on the Jones Ranch Club.

The board of directors, who are

responsible for the club, are

as follows: Mrs. C. A. Tullos, presi-

dent; Mrs. A. H. Bailey, vice presi-

dent; Mrs. A. W. Allen, secretary;

Mrs. Earl Ides, treasurer; Mrs. Ola

Hill, council delegate; Mrs. One

Bell Ramage, reporter; Mrs. Luisa

HITLER CONFERENCES REPORTED HAVE TIED FRANCE UP TO AXIS

FRENCH WILL GIVE AXIS POWERS USE NAVAL AND AIR BASES IS STATEMENT

BERN, Switzerland, Oct. 24.—(P)—Marshal Philippe Petain, chief of state of France, left Vichy today, according to word reaching diplomatic sources here, to go to Paris where it was believed he would sign a new French-German agreement superseding the existing armistice accord.

He was accompanied by several aides, including the minister of justice, the report said.

The news was first received through diplomatic channels because correspondents and officials at Vichy were under strict orders to give no details of the marshal's departure or his destination or the purpose of his trip.

Vice-Premier Pierre Laval also left today for Paris, where Tuesday he conferred with Adolf Hitler and German Foreign Minister Joachim von Ribbentrop, presumably concerning France's role in Hitler's "new order" in Europe.

(Hitler, who conferred with Spain's leader, Generalissimo Francisco Franco, at the French-Spanish border yesterday, might have been en route to Paris today to meet the 84-year-old Einstein.)

Reports of the German Feuerher's talks with Laval and Franco received here said they had laid the ground work for an axis offensive not only in the Mediterranean but in the South Atlantic as well.

Informed, French sources said Hitler and Laval had put the finishing touches to an agreement whereby the Vichy government would give the axis powers use of air and naval bases in Africa, Syria and unoccupied France in return for certain concessions.

At the same time reports reaching diplomatic quarters indicated that one of the subjects discussed by Hitler and Franco was the possible use of Spanish ports and airfields in the Atlantic and the Canary Islands as a springboard for Nazi attacks on Britain's South Atlantic trade.

These sources envisioned a campaign in which Italy and Spain would attempt to seize Gibraltar and smash Britain's power in the Mediterranean while Germany and Spain struck at Britain's trade with South America as well as her sea link by way of the Cape of Good Hope.

RICHARD M. MARTIN.

Tractor Season Is Here In Full Blast

We are having a hard time getting the small tractors, but for the larger ones, and used ones, we have plenty.

In our used line we have several good regular Farmalls that are cheap and good for many years service. Only one small F 12 and two F 20's all in good order and guaranteed.

Don't you need a good used pickup? We have some of most any make you desire and at prices ranging in line with your purchasing power.

We also have a lot full of used implements of all kinds, possibly just what you are wanting. And at our barn we have mules, horses and mares of any age desired.

Now is a good time to purchase what you need for another year in farm machinery, livestock and household appliances. Remember GENERAL ELECTRIC refrigeration is the cheapest in the long run.

Corsicana Oil Man Discusses Coming Fort Worth Meeting

J. L. COLLINS.

Many oilmen of this area are planning to take part in the coming convention of the Texas Mid-Continent Oil and Gas Association at Fort Worth Oct. 31-Nov. 2. J. L. Collins, vice-president of the association for East Central Texas, said.

"Interest is particularly keen in this year's convention, which will celebrate the 45th anniversary of the birth of the Texas oil industry," said Mr. Collins. "Not only will special attention be paid in the convention talks to the 43th oil field, but also an exhibit of oil field paintings and pioneer equipment will be shown. A further feature will be the drilling of a wildcat oil test in downtown Fort Worth with a crew of old-timers using the world's first rotary drilling rig brought over from from Cor-

sicana.

Headlining the convention program, he said, are speakers on both the international and national oil situation. Discussing how oil has altered Hitler's entire campaign of conquest, M. W. Fodor, famous foreign correspondent, will address the morning session Friday, Nov. 1, on "Hitler in Quest of Oil." Mr. Fodor, formerly a mineral engineer, has just come to America after living through the Nazi invasion of Belgium, the Netherlands and France. The national oil situation and the vital place of petroleum in national preparedness and defense will be analyzed by Ray L. Dudley, Houston oil publisher.

Thursday afternoon, Oct. 31.

Discussion by the oilmen attending of current problems of the petroleum industry will supplement the formal convention program. A number of entertainment events have been arranged for the visitors and their wives, Mr. Collins said. Included are a reception given by Fort Worth bankers, a dinner dance with strolling entertainers, a luncheon and style show for the women attending, and the annual handicap golf tournament in which a team from here will compete with 30 other entries.

Paul Harshaw Has
Enlisted in U. S.
Army at Fort Sill

Paul Harshaw, former all-state high school gridiron while a member of Tiger elevens, has enlisted in the United States army and has been assigned to the Second Observation Battalion at Fort Sill, Okla., according to information received from the district recruiting office.

The observation unit is rated among the more highly technical organizations by army authorities. The 23-year old former Corsican attended Southern Methodist University after completing his high school course. Paul took his oath of enlistment at Dallas Monday and immediately received his assignment.

Delivery dates were not disclosed.

WORK FARM SECURITY ADMINISTRATION IS TOLD TO ROTARIANS

WALLACE W. WHITE, FARM SECURITY DIRECTOR, DAL- LAS, LUNCHEON SPEAKER

The work of the farm security administration, a sub-division of the department of agriculture, was outlined in an address by Wallace W. White, farm security director of Dallas, before the Corsicana Rotary Club Wednesday noon at the Navarro Hotel.

President Ralph R. Brown presided and DeWitt Cox, program chairman, introduced the speaker.

White pointed out that Farm Security was created during the early thirties when the farm situation in this country was undergoing one of its most severe crisis. It was organized under the New Deal as a semi-relief organization to aid stricken farmers and to assist in the rehabilitation of those deserting the farms and crowding the cities, he said.

As a result, the FSA became a resettlement administration devoted to the rehabilitation of migratory farmers through the loan of money for the purchase of farms, the speaker continued. Primary purpose of the rehabilitation program, Wallace pointed out, is to anchor the drifting tenants to the soil from which they derive their livelihood.

There have been 13 such farms financed in Navarro county alone, the speaker said, and it was pointed out in conclusion that during the farm security administration in this county there has been over \$252,000 loaned and spent here.

Guests today included Mr. and Mrs. George Flynn of Houston; Cecil Johnson of Greersbeck; E. R. Taft of Houston, and Edwin A. Space of this city.

LARGE ATTENDANCE UPON OPEN HOUSE OF KERENS METHODISTS

KERENS, Oct. 24.—(Spl.)—The open house was held in the newly completed auditorium of the First Methodist church from 3 to 5 p.m. Sunday, Oct. 20, with some 200 calling to extend congratulations, and to rejoice with members of the church upon the fulfillment of a cherished dream.

The church proper was built some few years ago with the exception of finishing touches in the main auditorium.

Members of the board of stewards and their wives received with the Rev. and Mrs. O. C. Gossens, after guests had been met at the door by Misses Boehm, Dahnke, Hancock and Riddlesperger, Methodist members of the public school faculty. The entire interior of the building was a bower of beauty with its many floral offerings, both from Kerens gardens and cut flowers sent by friends and well-wishers.

Hot tea and cookies were served from a polished table on which autumn flowers ranging from pale yellow through brilliant orange hues were set together with yellow burning tapers.

Mmes. W. D. Duffie and Kate Hillard poured tea, assisted by numerous women of the church in the serving of the dainty cookies.

Throughout the afternoon a musical program was in progress, with Mrs. A. S. Pritchard, Mrs. Harold Roberts, Mrs. Natalie Kirkland, Charles Sheppard, pianists; Mrs. Charles Reese, Miss Bertie Mae Stevens, vocalists; Miss Golden Noble violinist, rendering beautiful selections.

Members of the board are as follows: E. H. Gray, Will Tally, J. C. Clayton, Charles Cherry, Jr., H. P. McCown, Earl McClung, Jack Reed, Walker Ingram, W. G. Johnson, John Arnett, O. J. Inmon, J. N. Inmon, G. M. Chapman, August Hill, R. D. Mabry.

Flowers were received from Chicago, Bryan, San Antonio, Palestine and Corsicana.

In addition to Kerens friends, the following were here from other places:

Mr. and Mrs. Roy Bunch, Powell; Mrs. H. J. Lehmann, Euclid; Mr. and Mrs. Grant Westbrook, Jean Westbrook; Irene, Mr. and Mrs. Kestler Bradley, Jean Bradley, Rice; Rev. and Mrs. A. A. Peacock and Mrs. Anna Daniel, Corsicana; Mr. and Mrs. Horace B. Sessions and son, Robert, Don E. Sessions, Fort Worth; Mrs. Henry Horton, Henry Allen and Sam Bruner Horton, Austin; Mrs. Fannie Ousley, Dallas; Miss Sue Evans, Lubbock; Miss Elaine McClure, Dallas; Mrs. Charles Collier, Navarro; Mrs. George B. Bow, Palestine; Miss Ethel Inmon, Corsicana; Mr. and Mrs. Lowell Keen, Pat and Mike Keen, Corsicana; Arvel Gandy, Kilgore.

MRS. MARY ANN OGLE
DIED IN DALLAS BUT
BURIED IN CROSSTON

Funeral services for Mrs. Mary Ann Ogle, who died in Dallas Sunday night, were held there at 1 o'clock Tuesday afternoon. Interment was in Oakwood cemetery here at 4 o'clock.

Surviving are three sons, C. H. Ogle, Dallas; F. B. Ogle, Brownfield; Stanford E. Ogle, Gladewater; a daughter, Mrs. Stella Kohl, Dallas, and other relatives.

Mrs. Ogle was a resident of Corsicana several years ago.

Sutherland-McCannon directed the arrangements.

Life of Parliament Prolonged.

LONDON, Oct. 24.—(P)—The house of commons today passed a bill prolonging the life of parliament and sent it to the house of lords for action there.

But for the war the normal 5-year term of parliament would have ended in November.

SUNRISE BREAKFAST AND RODEO PLANNED ON ARMISTICE DAY

Plans for a sunrise breakfast at the American Legion Hall, and a rodeo in the Fair Park arena Nov. 11 were made at a meeting of the Armistice Day celebration committee of the American Legion Monday night.

The sunrise breakfast will be for the Legionaries and their families. The rodeo was scheduled to be held at 2 o'clock in the afternoon in the rodeo arena and only Navarro county contestants will be eligible to take part.

Members of the committee include R. H. Harwell, E. E. Eng-

Richland to Oppose Emhouse Six Friday

RICHLAND, Oct. 24.—(Spl.)—Richland will play Emhouse six-man football team here Friday night at the local park. Richland has won the four games played in the first round and the issue here of the second round of play.

Stationery Still Good.

LaPORTE, Pa., Oct. 24.—(P)—The Sullivan County Draft Board went back more than twenty years for its stationery.

Joseph F. Ingham, government procurement agent for the board, produced a properly-printed supply left over from the time he served as chief clerk.

Members of the committee include L. C. McCrary, H. P. Phillips, and Gabe Goldberg.
